WELCOME!

Soaring Flamingo welcomes you to Tanzania.
With us, authentic Africa is waiting for you.

Through a wide range of tailor-made itineraries, our agency intents to provide access to the most famous places in **TANZANIA** but also to highlight the hidden beauties of the territory. By bringing you to where few agencies take their customers, we want to bring you a more comprehensive understanding and view of the country and the people.

Our agency makes every effort to base its activities on local resources. Since its creation, it recruits its employees locally and develops their skills in order to make them as independent as possible. Today, all employees are shareholders of Soaring Flamingo and, as such, are fully committed to the company. In addition, it cooperates with the local community to provide its services (guides, etc.) and sources its supplies first from local suppliers in order to encourage the development of regional businesses.

Whichever way you travel, we want to share
our passion for Tanzania with you and guarantee you
the most memorable experience.
Experience intimate Tanzania with Soaring Flamingo!

SAFARIS

Tanzania is the ideal country for photo safaris. You will encounter a great number and a wide variety of wild animals in their natural habitats: lions, leopards, elephants, buffaloes, cheetahs, antelopes, hippos, giraffes, etc. Among other things, you can observe the great migration of millions of zebras and wildebeests in the famous Serengeti or marvel at the abundant wildlife in the famous Ngorongoro Crater.

We offer individual tailor-made tours, with a maximum of 4 or 6 passengers per vehicle. Our experienced local driver-guides all speak English and French and are appreciated for their skills and friendliness. In addition, you will love the comfort and good visibility offered by our Toyota Land Cruisers 4x4 vehicles. Besides the traditional 4x4 safaris, we offer walking safaris, night safaris and balloon safaris.

Trekking in Tanzania evokes very special emotions. In breath-taking sceneries, you will walk through unspoilt wilderness and enjoy Africa's exotic nature with all your senses. You can trek across the Ngorongoro Highlands experiencing the authentic African savannah and the Maasai way of life, climb majestic Mount Kilimanjaro, the roof of Africa, or simply descend to the enchanting shores of Empakaai Crater's soda lake on a short hike.

In all our treks, our experienced local guides will accompany you. Not only do they know the way, but they will also give you information about nature, people and their customs...

TREKKING

CULTURAL ECOTOURISM

Maasai, Wameru, Sonjo, Sukuma, Datoga, Hadzabe.... the peoples of Tanzania are incredibly diverse. They belong to around 130 different tribes, each of which has its own language and culture. Meeting some of these tribes is a particularly moving and enriching human adventure.

You will get to know these peoples by visiting their villages. Besides these traditional lifestyles, you can also visit modern cities like Arusha, in order to have a complete view of the African way of life.

BEACH AND DIVING

After your trip on the continent, what could be better than a few days of relaxation on the island of Zanzibar? Apart from visiting Stone Town, a unique blend of architecture and culture from the Middle East and Africa, you can visit the spice plantations and the forest of Jozani, and especially enjoy the magnificent white sandy beaches and coral reefs.

If you prefer to focus more on the underwater world, the islands of Mafia or Pemba offer superb diving expeditions.
